**exhibits at
Oral Care Health Conference 2022**

WATERPIK @ THE ORAL HEALTH CONFERENCE

Waterpik proudly exhibited at the Oral Health Conference (OHC) again this year alongside 35+ other exhibitors. This year's OHC took place at Manchester Central on 25-26 November and drew an attendance of 300 delegates.

WHAT IS THE OHC?

The OHC is the must-attend event of the year for Dental Hygienists and Dental Therapists, with opportunities to network, learn and get updates from the profession.

Waterpik provided education to delegates on the benefits and effectiveness of the Waterpik WaterFlosser™ flossing, as well as demonstrations on how to use it.

Keep an eye out for Waterpik as we will be at the BDIA Dental Showcase next year on 24th and 25th March 2023 at the ExCel London.
